Of Beverages

KAFFA PRO S300

The S300 is a robust and versatile coffee machine, offering enhanced taste quality, improved production efficiency, and intelligent operation.

Designed to meet the highest standards of strength and quality, it features dual hot and cold milk foam systems, equipped with dual grinders, as well as both bean and powder bins. This allows it to produce a wide variety of beverages to cater to all your customers' needs with the utmost efficiency.

Excellent Milk Coffee

Customize the density and settings for the dual hot or cold milk foam systems to create smooth and delicate coffee foam, ensuring the perfect cup.

Dual Grinder System

Equipped with double 64mm Swiss-made Ditting commercial flat burrs to minimize overheating and optimize beverage production.

High Speed & Efficiency

Featuring a professional vane pump, milk pump, dual grinders, and double boilers, this system significantly enhances production efficiency while ensuring exceptional quality.

Intelligent With a Wide Variety of Beverages

10.1-inch LCD touch screen for customizing over 30 beverages, supported by dual bean hoppers and dual powder bins for versatile options.

FEATURE

- Separate hot water spout •
- Quick disassembly of metal brewer •
- Dual milk paths •
- Water inlet •
- Intelligent fully automatic cleaning •
- Dual grinder system •
- 2 bean and 2 powder bins •

TECHNICAL SHEET

Bean hopper capacity (g)	1200*2
Powder hopper capacity (L)	2.3*2
Knock box capacity (g)	900
LCD display (Lateral)	10.1"
Rated voltage (V)	220-240
Rated frequency (Hz)	50/60
Rated power (W)	2900
Machine weight (kg)	41
Machine W*D*H (cm)	34*54*83
Water tank	

CAPACITY

Advised daily output (cups)	300
Produce 50ml/cup of Espresso per hour (cups)	140
