

FIORENZATO

Easily detachable
grinding chamber

No grinding point
setting variation

Easy and quick
cleaning and
maintenance

Up to 50% less coffee
retention

THE PRO LINE

Fiorenzato presents the first range of **professional coffee grinders with a new powerful detachable grinding chamber easy to release.**

A small revolution that allows to manage spaces dedicated to coffee grinding in a simple, **fast and intuitive way.**

In fact, simply release the two levers located on either side of the coffee grinder to easily remove the grinding chamber, without changing the distance between the grinders.

GRINDING QUALITY.

Fiorenzato is the only company that is producing grinder burrs made with materials especially vetted for food preparation such as the astounding steel M340:

- highly safe for food preparation;
- highly resistant to corrosion and wearing;
- highly solid;
- easily polishable.

Our grinder burrs are internally produced by a number-controlled device, allowing for a manufacturing process that is all in one phase and thus ensuring high repeatability and very high standard for each and every grinder burr.

Pro coffee grinders

F5 A^{PRO}

With 64-mm flat burrs and 350-Watt power.

F6 A^{PRO}

With 83-mm flat burrs and 650-Watt power.

F71 AK^{PRO}

With 71-mm conical burrs and 850-Watt power.

F64 E^{PRO}

With 64-mm flat burrs and 350-Watt power.

F64 EVO^{PRO}

With 64-mm flat burrs and 350-Watt power.

F83 E^{PRO}

With 83-mm flat burrs and 650-Watt power.

F71 EK^{PRO}

With 71-mm conical burrs and 850-Watt power.

F64 E XGi^{PRO}

With 64-mm flat burrs and 350-Watt power.

F64 EVO XGi^{PRO}

With 64-mm burrs and automatic cooling fan.

F83 E XGi^{PRO}

With 83-mm flat burrs and capacity of 1350-1550 revs per minute.

F71 EK XGi^{PRO}

With 71-mm conical burrs and 850-Watt power.

F64 E^{PRO}

**With 64-mm flat burrs
and 350-Watt power.**

Ring nut micrometric grinding adjustment: **continuous**

Varnishing: **standard**

Fork: **adjustable, with support**

Doses adjustment: **in seconds**

Power: **350 watt**

Blades type: **flat**

Blades diameter: **Ø 64 mm**

Blades revs: **1350/min (50 Hz) – 1550/min (60 Hz)**

Coffee bean hopper capacity: **1,5 kg**

Net weight: **13 kg**

Dimensions: **230x615x270 mm**

Recommended consumption: **Up to 2 kg per day**

Burrs life: **400 kg (x 4 if Red Speed)**
